TEN PAGES—THREE CENTS

END FOOD TO GERMANY IS SEC. LANSING'S PLEA

Crises in World's Affairs Has Been Reached

PARIS, Tuesday, March 11.—The world has reached a crisis in the affairs of the world, said Secretary of State Robert Lansing at a banquet given tonight by the American press club in honor of a German peace commission. Mr. Lansing was emphatic in his statement that the allies must end Germany and give the German people an opportunity to sell their goods in the foreign markets. The danger of Bolshevism was avoided, he pointed out, at it was not through pity for Germany but to the allies' own advantage to see that anarchy is prevented in the former German empire. Mr. Lansing said: "It is always a privilege for an American who knows the story of his country to be present on such an occasion as this where the mutual friendship of France and United States—a traditional friendship nearly a century and a half—finds expression in words and a response in our hearts."

"In the infancy of our republic across the seas the help and aid of France gave the support which was needed to make individual liberty the supreme ruler of the destinies of the new born nation. From that time forward liberty has been and still is the most sacred and most compelling impulse in political life in America."

"The Fight for Liberty. It was when the people of the United States came to a full realization that the liberty for which they fought and to which they owed their power and prosperity was in danger; when they realized that France and the great democracies of Europe were imperiled by the attack of an ambitious autocracy that the nation with unsurpassed unanimity took up the sword with a firm determination to do its part in freeing liberty and the world from autocracy."

"A mighty victory has been won. The imperial armies of the central powers have ceased to threaten. They no longer exist. Scattered and broken they have returned to their homes where hunger and privation await them as the consequences of their own blind faith in evil men who led them into this unrighteous war. Germany has suffered bitterly, is suffering bitterly, and Germany is entitled to the same mercy which she has done. She has paid a fearful penalty for the crime of plunging the world into four years of blood and fire. Today starvation and want are the portions of the German people. Violence and murder stalk through the streets of their great cities. Political institutions, industrial enterprise and the very structure of society are tottering. It is the price of their own evil doing, the just retribution of their crimes."

"We may be disposed to pity those innocent among the Germans, but our pity is almost dried up when we consider what France and other nations have had to suffer from the invading hordes of the Teutons. Ten days after I landed in France in December, I made it my business to visit the battle fields of the Marne, Aisne and the Champagne. I saw the ruins of Chaten Thierry and Fismes; I saw the stately and historic cathedral of Rheims, a monument to the ferocity of the Germans; I saw the scarred and upturned fields of Champagne and deserted places where once had been thriving, happy villages; I saw hamlets along the Marne, whose crumbling walls bore witness to the frightfulness of war. No man could see what I saw in those days without bearing a burning indignation against those responsible for such ruins and destruction, without an intense and undying hatred for them."

"My friends, France has endured unspeakable woes with a fortitude and determination which excite the admiration and pride of the world. What greater wonder can a man feel than he who is able to say 'I was in the trenches at Verdun.' I fought at the Somme.' To these splendid troops who struggled month after month and year after year, without flinching and with high courage, France and the world owe a debt of gratitude which the eternal memory of man only can repay."

New Problems to Solve.
And now, that the great conflict is ended and the mighty war engine of Prussia is crushed, we have new problems to solve, new dangers to overcome. East of the Rhine there are famine and idleness, want and misery. Political chaos and outlawry have supplanted the highly organized government of imperial Germany. Social order is breaking down under the difficulties of defeat and the hopelessness of the future. Like the anarchy which for years made an inferno of Russia, the fires of terrorism are ablaze in the streets of Germany. Over the ruins of this once great empire the flames are sweeping

200 Bolsheviks Arrested By New York Police

NEW YORK, March 12.—Police, secret service men and immigration officials raided a building in East Fifteenth street early this (Thursday) morning and arrested 198 men and two women. The prisoners were taken to the criminal courts building where they are being questioned. All of them are supposed to be radicals.

The building raided was occupied according to the police by the Union of Russian Peasant Workers of America. One of the prisoners is Mollie Steinmetz, sentenced to fifteen years imprisonment for violation of the espionage law, but at liberty on a writ of error, pending an appeal to the supreme court of the United States.

A quantity of literature was seized. Among it the police say they found several small red books, printed in Russian, which advocated the overthrow of the United States government.

The raid was planned two weeks ago by Richard E. Enright, commissioner of police, who consulted District Attorney Swann and then called in the immigration authorities. The building was suspected of being rendezvous for undesirable elements recently arrived from Russia.

The detectives who took part in the raid were members of the bomb squad and the reserves from the Elizabeth street station were ordered out to guard the criminal courts building while the prisoners were being questioned.

EFFORTS TO AMEND NATION'S LEAGUE FAILS

LONDON, March 12.—(By The Associated Press.)—The efforts of Oscar Strauss of the American League to enforce peace to have the league of nations union favor an amendment to the league of nations convention designed to safeguard the Monroe Doctrine, failed today. The French and English delegates who dominated the conference pleaded that the subject was too far-reaching for quick action while the Chinese protested that it too vitally affected them.

Mr. Strauss proposed an addition to Article 16 providing that should two states threaten war on each other the nearest greatest power was obligated to step in without calling for the assistance of the other great power. Should this power fail then it would be a matter for the entire league's fighting forces to handle.

The British proposal that Article 16 be changed to make any state which breaks the covenant liable to a war with all the other members of the league was defeated on the plea of Mr. Strauss who maintained that it conflicted with the constitution of the United States, whereupon the other delegates dropped the matter, as they were unwilling to arouse further feeling in the United States.

KOREANS MOVE FOR AN INDEPENDENCE

PEKING, March 12.—(By The A. P.)—The independence movement in Korea is becoming more widespread, according to reports from private sources in that country. Trouble was anticipated on the occasion of the funeral of Prince Yi and the Japanese called in gendarmes from outlying stations. Foretelling this, the Korean national leaders arranged the independence day demonstrations two days earlier than catching the Japanese unprepared. Eventually the situation was restored but not before thousands had been arrested. The Korean independence manifesto of their independence but under no circumstances to use force. The Koreans demand that Japan's advisory control shall continue only until such time as the league of nations considers the Koreans absolutely fit for self government.

DEBS ASSAILS SUPREME COURT JUDGES

CLEVELAND, O., March 12.—It may be his farewell public address before he begins serving a two year sentence imposed by the federal court here on a charge of violating the espionage act, Eugene V. Debs, Socialist leader tonight upheld the Bolshevik rule in Russia and referred to Lenin and Trotsky as the "foremost statesmen of the age."

Debs said the judges of the United States supreme court were "behave, be whistled, be powdered off fossils, who have never needed anything."

IMPORTANT BILLS INTRODUCED IN HOUSE YESTERDAY

Appropriation Measure Up Before State Senate

SPRINGFIELD, Ill., March 12.—House bills to limit injunctions in labor disputes and to repeal the state civil service law and senate bills appropriating \$17,000,000 for the expenses of the department of public welfare for the biennium beginning July 1, next, and to regulate boxing were reported out with favorable recommendations by legislative committees late today.

Senator Harold Kessinger's state housing code measure, supported by the administration also was sent out by the senate judiciary committee with the recommendation that it pass.

The house constitutional convention committee after reporting the Church bill which would appropriate \$10,000 for the legislative reference bureau for gathering necessary data for convention members, planned a meeting with the senate convention committee before taking action on the measures of Representative Theodore K. Long of Chicago, which provide the machinery for the convention. The convention is held in January, 1920, as the Long bills provide, it was pointed out a special election will have to be held since there is no general election in 1919. Sentiment was said to be overwhelming for the partisan method of electing convention delegates. A considerable delegation of men representing organized labor was before the house judiciary committee in support of the injunction limitation bill of Representative Soderstrom of Streator.

Dudley Taylor, a Chicago attorney, who said he represented a number of Chicago manufacturers, opposed the bill.

Labor Men Speak.
In addition to Soderstrom, speeches were made in behalf of the measure by John H. Walker, president of the Illinois Federation of Labor, and Angus W. Kerr of Springfield, attorney for the federation. Walker declared injunctions were habitually issued by courts as a means to break strikes.

In the house civil service committee, Representative Otto Sonnemann, Republican, appeared as the chief backer of his bill to do away with the state merit system. His argument was general rather than specific. Secretary Blackwood of the civil service reform association appeared in behalf of the civil service.

The final vote on the motion to report out the Sonnemann bill for disposition of the issue on the floor of the house was seven to nine.

The house license and miscellaneous committee after a session late today, adjourned without reporting out a bill, naming a sub-committee instead to study the senate boxing measure.

At a public hearing today the house elections committee and the senate municipalities committee heard arguments on the Baubour bill for a managerial form of government.

At a public hearing tonight livestock interests discussed the bill to Representative Gregory for the control of tuberculosis among cattle.

DEMOCRATS CAUTION

Democratic house members went into caucus tonight to plan means to force a vote on the resolution of Minority Leader Igou calling for the statement of the amount of money now in the treasury available for public improvements and the program of the administration for reconstruction building.

After failing in an attempt to get resolution up today, Igou notified the Republican side that he would be ready to force the issue tomorrow morning.

Following the passage today of the house \$80 to \$1,610,000 deficiency appropriation bill for the department of public welfare, question was raised as to the validity of the measure by Democratic leaders who cited alleged constitutional authority for the position that any deficiency bill requires a two thirds vote to pass. The measure went back to the senate for concurrence in minor house amendments.

CUMMINGS ASSAILS U. S. SENATE.
STAMFORD, Conn., March 12.—Homer B. Cummings, chairman of the National Democratic committee in a formal statement issued here today charged that the senate by its failure to pass "many measures essential to American business," had "abdicated its functions" and "neglected its duty" to point out the supposed deficiencies of the president and defects in a peace treaty which has not been completed and which is not before the senate for its consideration.

President Wilson Will Arrive At Brest Tonight

BREST, March 12.—A wireless message received here from the U. S. S. George Washington timed 11:20 a. m., Wednesday, says that the steamer is delayed and is not expected to reach Brest before 8 o'clock Thursday evening.

Responding to a message from the mayor of Brest, President Wilson agreed to proceed from the quay to the railroad station, but the late arrival of the George Washington will likely prevent this. The president probably will enter the train at the quay.

Paris, March 12.—(By The Associated Press.)—President Wilson will be met at Brest by the French minister of marine, Georges Leygues; Captain Tardieu, Colonel House and his son-in-law Goudon Auchincloss, who left Paris by special train this evening.

President Poincare with a guard of honor and band will meet President Wilson at the Paris station. The reception will be unofficial and will lack the ceremony which attended the first arrival of the president. The Steamer George Washington is expected to reach Brest about 8 o'clock Thursday night.

DISCUSS FEDERAL RESERVE AID TO R. R.

WASHINGTON, March 12.—The extent to which the federal reserve system can be used to assist in financial operations of railroads pending an appropriation by congress was discussed today between Secretary Glass, Director General Hines, Governor Harding of the reserve board and officials of the war finance corporation. It was not determined whether railroad notes, secured by railroad administration warrants which may be issued to the roads might be eligible for rediscount with federal reserve banks. This procedure would open up the vast credit resources of the federal reserve system to the railroads but indications were that a special rule of the reserve board would be required and members of the board were reported as not anxious to adopt such a rule. Tomorrow Mr. Hines will meet again with the railroad officials for a special committee created yesterday and with railroad equipment manufacturers. The latter will be consulted as to whether they will co-operate with the railroad administration by taking warrants for amounts due them for cars and locomotives.

THIS ATTORNEY HAS SOME JOB

NEW YORK, March 12.—Bernard Neumburg, a lawyer was named today by Supreme Court Justice Benedict in Brooklyn as a committee of one to ascertain whether Nicholas Ramonoff, former czar of Russia is dead, or alive and if dead, who is next of kin.

On the solution of this riddle rests the question whether a \$117,450 judgement which Mr. Neumburg recently obtained against Mr. Ramonoff on behalf of the Marine Transportation Service Corporation can be collected.

The corporation in the early part of the war transported a large quantity of sugar to Russia upon the czar's order. Before the collection was made Nicholas was deposed and, according to reports, slain.

Mr. Neumburg recently learned that the czar had \$1,000,150 but upon presenting it to the bank was informed that the bank could not pay out any of the fund unless Nicholas either were served with notice or were proved dead.

NEUTRALS WILL CONFER ON LEAGUE

PARIS, March 12.—(By The A. P.)—An invitation has been sent to all neutral nations in Europe Asia and South America asking them to attend a private and unofficial conference here Thursday March 20, with the object of giving neutrals an opportunity to express their views on the league of nations.

Switzerland has already replied favorably to the suggestion. No South American governments have as yet answered.

A strong sentiment is developing in high circles of the conference towards making Geneva the official seat of the league of nations.

CHADZEY EMPLOYED FOR FOUR YEARS

CHICAGO, March 12.—Dr. Charles E. Chadzey of Detroit, who was elected superintendent of Chicago's schools last week, will be employed for a four year term at \$18,000 a year the school trustees voted today. The sum is the largest paid to any school superintendent in the country according to best information obtainable. Dr. Chadzey will assume the position March 17.

Complete Tieup of New York's Car Service Feared

NEW YORK, March 12.—A complete tieup of New York City's subway, elevated and surface car lines as well as paralysis of its harbor shipping is threatened by the strike of harbor workers which has been in progress more than a week it was asserted today.

Frank Hadley, general manager of the Interborough Rapid Transit and allied lines declared that unless coal barges are moved at once a shutdown of transportation on Manhattan Island will result. Freight is piling up at piers and the movement of trans-Atlantic coastwise shipping has been demoralized.

Appeals to Washington today described the situation as "critical and called for federal intervention by the commandeering of tug boats." The wholesale coal dealers' association telegraphed Secretary of War Baker, yesterday, petitioning him to seize enough tugboats to coal troop ships tied up here. The situation was further complicated by announcement by Matthew McConville, head of the hoisting engineers union that his organization would support the strikers if coal barges were manned by non-union labor. All efforts toward a settlement of the strike were suspended today pending return of Jas. L. Hughes federal mediator. The boat owners' association declared it would not meet the strikers through their union leaders, and the marine workers affiliation flatly refused the employers suggestions for a joint conciliation committee to discuss grievances.

HOLDS 50 POLICEMEN AT BAY THREE HOURS

CHICAGO, March 12.—Two policemen and a civilian are in hospitals today with bullet wounds inflicted by a man barricaded in his house while the latter lies in a morgue with part of his head blown off by turning his weapon against him.

From 10 o'clock last night until 1 o'clock this morning George Ondek, real estate dealer and expert marksman held more than half a hundred policemen at bay. When Ondek was reduced to his last cartridge he turned his rifle against himself.

The police found him dead on the floor. Mrs. Ondek and her six children escaped the bullets that crashed thru the frame cottage walls by lying on the floor.

George said to have been drinking and the police were hunting him with a warrant charging cruelty, sworn out by the wife.

Gas bombs for police use in certain emergencies is under consideration by Chief of Police Garity.

Their use, he said today, is indicated in such cases as on last night where George Ondek exchanged shots with a squad of policemen for hours, wounding two bluecoats and a civilian and then committing suicide.

"A gas bomb which could be tossed through a window, and just strong enough to deprive men like Ondek of consciousness, looks like a good thing to me," said the chief. "It would save lives."

ALLIES WITHDRAW TO NEW POSITION

ARCHANGEL, Tuesday, March 11.—(By the A. P.)—The allied Vaga column yesterday withdrew north from Vistavka to a new position. The withdrawal was completely successful the Allied troops bringing out most of their war material and destroying the remainder.

They levelled the ruins of the village, which the Bolsheviks artillery partly wrecked. Detailed reports of Sunday's infantry engagement in which the British, Americans and Russians repulsed the enemy indicate that the Bolshevik losses were about 400 killed. The allied losses were very small.

An allied airplane Monday scored a direct hit with a bomb on an enemy column on the march up the road near village of Kerechka.

PERSHING STIRRED BY WOUNDED SOLDIERS

NEW YORK, March 12.—Tears rolled down the cheeks of General Pershing, while visiting the wounded officers and men aboard the Hospital Ship Mercy, at Bordeaux, February 27, according to the stories of the 381 soldiers who arrived here today on the ship from the French port.

General Pershing made two visits to the ship with his staff. It was said, on the day of embarkation and on each occasion he passed thru the lines of wounded men in the double tiers of cots and each side and praised and comforted them.

BOWLERS SET NEW MARKS.
TOLEDO, March 12.—Toledo bowlers made new marks in the American Bowling congress tournament on the late shift here this afternoon. C. Moses and J. Hagerty, of the Navarre Hotel five went to the top in the two men division 125 with games of 409, 440 and 376.

OPENING OF RHINE TO ALL NATIONS RECOMMENDED

Delegates Settle Status of the Kiel Canal

PARIS, March 12.—Recommendation that the navigation of the Rhine be opened to all nations without discrimination was made in a report to the peace conference today by the commission on the international regime of waterways, railways and ports. It is suggested that the Rhine be controlled by a commission similar to the Danube commission.

The exact conditions under which the ships have been allocated to this country have not yet been transmitted to the shipping board. If these should provide for the use of the vessels until peace is proclaimed, some officials said they would not be acceptable as it would require several months to put the craft into commission. Three hundred thousand tons of German trans-Atlantic shipping now in German ports has been allocated to the United States. Most of the ships are in good shape and they will be gotten out as soon as the American crews can be assembled and sent to Germany. German ships which were laid up in Peru and Uruguay were chartered some time ago by the United States and are now in operation.

U. S. WILL MAINTAIN SIXTEEN FLYING FIELDS

WASHINGTON, March 12.—Decision of the war department to maintain sixteen flying fields and three balloon fields as a part of the permanent military establishment, was announced today by acting Secretary Crowell. The department also has practically decided Mr. Crowell said to store for possible use the hundreds of elementary and advanced planes used during the war.

Secretary Crowell said department experts do not believe the training machines will deteriorate nor that any decided improvement may be made in these types which would necessitate their being discarded.

The flying and balloon fields to be retained have not yet been selected. The actual training of aviators for the army will be held at only two fields, the other plants being held intact as a reserve. Sites now leased by the government will be purchased and equipment on hand retained.

Also the sites have not been definitely determined. Secretary Crowell said two would be near New York, three on the Pacific Coast, one near New York, three in Texas, two in Florida, one in Mississippi, one on the Great Lakes and one each in Georgia and Oklahoma.

The sixteenth field probably will be Gerstner Field, Lake Charles, La.

SALE OF CERTIFICATES IN GREAT BRITAIN

LONDON, Tuesday, March 11.—Sales of war savings certificates have reached a grand total of more than 300,000,000. As each certificate represents an investment of fifteen shillings and six pence the total investment in this form of security is over £232,500,000. This is a result of three years work. In spite of the great facilities provided for cashing certificates, the total value of those turned in, including interest, during the past three years amounts to only £11,000,000 or less than five per cent of the total value of the certificates sold.

Plans are now being formulated for placing the organization for selling these certificates on a permanent peace footing.

WILL NOT PERMIT GERMANS IN PARIS

PARIS, March 12.—(By The Associated Press.)—When the time for the signing of the peace treaty arrives it is understood German representatives will be housed in one of the palaces at Versailles and will not be permitted to enter Paris, as the French government does not care to undertake to afford protection to Germans in Paris. While the German signatories will not be treated as prisoners and must not be treated as such, public sentiment against Germany is so high in Paris that the French government is unwilling to risk unpleasant incidents which might occur were the official German representatives to appear publicly.

STRIKE OUTBREAK RESULT OF FOOD SHORTAGE

Washington, March 12.—Strike outbreak in Berlin have been due primarily to lack of food and not to communistic or Bolshevik propaganda according to advice to the state department today from Copenhagen reporting conditions in Germany as witnessed by an official.

Published reports as to the bloodshed in Berlin, according to these advices have been greatly exaggerated.

Hurley Refuses 100,000 Tons of German Shipping

WASHINGTON, March 12.—The American government may not accept the 100,000 or more tons of German shipping in Chilean waters allocated to it by the allied shipping commission. Chairman Hurley, of the shipping board said tonight final action would depend upon both the condition of the grant and the ships. Mr. Hurley explained that the original proposal was for the United States to take over the ships and use them until the peace treaty was signed when title to them would be determined. This offer was refused by Mr. Hurley who believed that their use for so short a period would not justify the expense of the repairs.

Information that the ships finally had been allocated to this country has just been received. Hurley immediately ordered an examination of the vessels to determine the extent of repairs that have to be made.

The exact conditions under which the ships have been allocated to this country have not yet been transmitted to the shipping board. If these should provide for the use of the vessels until peace is proclaimed, some officials said they would not be acceptable as it would require several months to put the craft into commission. Three hundred thousand tons of German trans-Atlantic shipping now in German ports has been allocated to the United States. Most of the ships are in good shape and they will be gotten out as soon as the American crews can be assembled and sent to Germany. German ships which were laid up in Peru and Uruguay were chartered some time ago by the United States and are now in operation.

MORE ILLINOIS TROOPS HOME FROM FRANCE

NEW YORK, March 12.—With 1,922 troops the steamship Iowan arrived here today from St. Nazaire. Units included the 101st trench mortar battery, of the 26th division—the first troops of this New England division to arrive home. This battery is assigned to Camp Devens.

314th trench mortar battery, three officers and 129 men of the 89th division (national army troops of Kansas, Missouri and Colorado) assigned to Camp Dodge.

315th trench mortar battery of the 90th division for Camp Bowie, Dix and Travis.

316th trench mortar battery, of the 85th division for Camp Custer.

18th trench mortar battery, three officers and 155 men of the 23rd division (national guard troops of Illinois) for Camp Grant.

Also the following 53rd company transportation corps for Camps Grant, Logan, Meade, Lewis and Upson; fifth battery trench artillery and supply detachment of 657th aero squadron and 168,171 and 179 of New York.

URGES INTERNATIONAL BANKERS' ASSOCIATION

CHICAGO, March 12.—Richard S. Hawes of St. Louis, vice president of the American Bankers' Association, advocated an international bankers association and more democratic methods of banking in addressing the closing session today of the Central States Bankers' association.

"We should get rid of the idea that New York or London is the money center of the world," he said. "No one city should rule the financial world. All parts of it should help govern."

Frank Warner, of Des Moines, Iowa, was elected president, and R. H. Shriver, Columbus, Ohio, secretary and treasurer.

ASKS POSTPONEMENT OF SAILINGS TO CUBA

WASHINGTON, March 12.—American Minister Gonzales cabled the state department today from Havana suggesting that ships bound for the Cuban capital with food supplies postpone sailings until the present congestion growing out of the general strike has been relieved. Conditions in Cuba resulting from the strike are being watched closely by the American government. Officials said today that the settlement agreed upon by strike leaders probably would not be permanent and that further trouble was expected.

It was pointed out that on a previous occasion when unrest in Cuba got beyond control of the Cuban authorities the United States found it necessary to step in and conduct affairs.

WOULD PROVIDE FUND FOR DISCHARGED SOLDIERS

St. Paul, Minn., March 12.—Appropriation of one million dollars to provide every honorably discharged soldier and sailor from Minnesota with an allowance of \$25 a month for every month he served the colors and a further appropriation of \$750,000 for the erection of a war memorial building as an addition to the state capitol were provided in bills introduced in the state senate late today.

VICTORY LIBERTY LOAN CAMPAIGN STARTS APRIL 21

\$5,000,000,000 Will Be Goal Officials Think

WASHINGTON, March 12.—The victory liberty loan campaign will open Monday, April 21, and close three weeks later, Saturday, May 10.

Secretary Glass announced the dates tonight together with the fact that short term notes maturing in not over five years would be issued instead of longer term bonds. The amount of notes to be offered was not disclosed, but it is generally understood that the loan would be for a minimum of \$5,000,000,000 with the treasury reserving the right to accept all subscriptions.

Mr. Glass said the interest rate on the notes and the amounts to be exempted from taxation would not be determined until a week or two before the campaign as they would be based upon financial conditions at that time. It was intimated, however, that the notes might bear interest in excess of 4 1/4 per cent, the interest rate of the third and fourth loans.

"After studying financial conditions in all parts of the country," said Mr. Glass, "I have determined that the interests of the United States will best be served at this time by the issuance of short-term notes rather than of longer term bonds which would have to bear the United rate of interest of 4 1/4 per cent. Five Year Notes."

"The victory loan will therefore take the form of notes of the United States maturing in not over five years from the date of issue. These notes will be as were the liberty loan bonds, the direct promise to pay of the United States will be issued both in registered and coupon form and the coupon notes will be in final form and will have attached the interest coupons covering the entire life of the notes. I am hopeful that the notes in final engraved form will be ready for delivery by the opening of the campaign on April 21."

"I am led to adopt the plan of issuing short term notes rather than long term bonds largely because of the fact that I believe that a short term issue will maintain a price at about par after the campaign is concluded far more readily than would a longer term issue. I have not yet reached a conclusion as to the rate of interest, but exemptions from taxation which those notes will bear because this decision was based on existing conditions prior to the opening of the campaign. It is the intention of the treasury department to carry on the same kind of intensive campaign for distribution as has been conducted in the past. It would be unfortunate if the success of the United States failed to take these notes thus placing the burden of subscriptions on the banks. The business of the country looks to the banking system for credit where with to carry on its operations and if this credit is absorbed to a large extent by the purchase of government securities, there will be many limitations placed upon the supply of credit for business purposes."

Ask People For Support.
"Our merchants and manufacturers need ample credit for setting the wheels of industry in motion for peace time production and distribution and if the wage earner is directly interested in seeing that these wheels are kept moving at a normal rate in order that full employment at good wages may continue and where readjustment conditions have necessitated a slowing down of industry it is vitally important that activity be resumed and labor re-employed at the earliest possible moment."

"I therefore ask the American people once again to give their support to their government in order that this great loan may be made an overwhelming success by the widest possible distribution."

CABLE RESTORED

New York, March 12.—The cable between Honolulu and Midway Islands has been repaired and communication with the Philippines, China and Japan by way of San Francisco has been restored. The Commercial Cable Co. announced today.

WEATHER INDICATIONS AND TEMPERATURES

Illinois: Fair with continued mild temperature Thursday; Friday cloudy and possibly unsettled with lower temperature in north and central portions.

Temperatures.
The current, maximum and minimum temperatures as recorded Wednesday were:

THERE'S STILL TIME

Only three more days remain for making out income tax returns in order to avoid a charge of delinquency and the accompanying possibility of fine. Nevertheless it is said that not one-half of the people subject to the income tax have thus far filed returns. A word to the wise is sufficient.

Citizens of Lake Forest are making a special effort to secure the consent of John T. Pirie, head of the firm of Carson, Pirie, Scott & Co. in Chicago, to serve as mayor of their town. Mr. Pirie is now making a visit in Florida and has not yet expressed his willingness to serve. Probably he will run on a "dollar a year" platform.

Secretary Baker proposes to take a number of the members of the house military committee with him on an expedition to Europe. Evidently the secretary in considering his relations with the congressmen remembers what has happened because President Wilson failed to include members of the senate on the peace committee.

WELL ORGANIZED.
A study of the returns from the primary election Tuesday indicates how well women were organized in the support of Mr. Crabtree. Then in addition there

was that general sentiment in his favor, the high confidence in his fitness and integrity which carried along the support of hundreds of women who were not directly touched by the organization effort. This does not mean that men voters were without organization, but they are supposedly more experienced in such endeavors.

WHEN OPPOSITION HELPS.

Some of the Berlin papers declare that the proposed league of nations is nothing more or less than "a league of arms against Germany." This is a case where opposition and criticism coming from Berlin will have a most stimulating effect on league advocacy and insistent protests from that source will do away with much of the present opposition to the league. In political life and in all public affairs opposition from some sources is really encouraging and helpful.

A JUST CAUSE FOR DIVORCE.

A new plea has been advanced for divorce in a suit recently filed in St. Louis. The complainant, a lieutenant set forth that his wife found fault because he did not have a higher rank and that she was "humiliated" when he was transferred to the marines. It's a new plea but just in the present condition of public sentiment it would be very effective in a court—at least it would be with a jury of 12 men—or women for that matter.

WILL THIS BE PROOF?

One hundred gamblers in St. Louis have filed income tax reports showing that gambling is their principal source of livelihood. In the past possession of a federal license has not been considered prima facie evidence against a man charged with selling liquor in anti-saloon territory. So perhaps a tax return of the kind indicated may not be accounted as sufficient evidence to convict a man of breaking the gaming laws; and then too in Missouri in times past certain "games" have been put almost in the same class with national sports.

BELIEVES HIGH PRICES WILL CONTINUE.

The government is sending out copies of Irving Fisher's argument that high prices of all commodities will continue. Mr. Fisher is a professor at Yale whose opinions on economic questions and those relating to the laws of supply and demand have been held in great value. Mr. Fisher believes that there will be a slight lowering of prices within a year but that the figures will no where near approach the pre-war levels. This the economist believes, will apply both to the U. S. and to Europe.

COUNT BERNSTORFF.

In Count Bernstorff's most recent interview he declares that Germany's submarine policy was a great mistake and caused America to enter the war. He has stated before that the policy was adopted over his vigorous protest and because in Germany there was not the understanding of Americans and the spirit here that came to German officials who

were in direct contact with American life. While the count stands convicted in the public mind of the greatest perfidy, perhaps he was not altogether to blame for the course he pursued. He was in a most difficult position; had an obligation that he must perform for his government or be looked upon as a traitor, and furthermore there were long years of training together with traditions and ancestry against which he had to battle.

PRIVATE AND MUNICIPAL EXPENSES.

If you want to feel that the money required for the management of Jacksonville municipal affairs is small, just think of the case of New York state. The fund estimated as necessary for public service of the state the coming year is \$90,000,000—by far the largest sum that has ever been asked. As has been often said, state and municipal expenses have increased in a large and rapid way during the past two years, just as is true of individuals. A dollar expended for a municipality doesn't buy more in supplies or service than a 50 cent piece did three years ago.

A SALARY QUESTION.

The teachers of Sangamon county have taken hold of the salary question in a very definite way. The annual meeting of the county officers' association is to be held Saturday, when the question of higher salaries will be discussed. Already a general notice has been issued than many of the teachers believe that a minimum salary of \$1,000 a year should be the rule. They base their claim on the higher cost of living and the further fact that teachers are expected to spend a part of each year in special study which always means an expense to them in addition to the usual cost of living.

Rippling Rhymes
By Walt Mason

GOOD OLD GEORGE
"Fother day old England's king in a public park appeared, his subjects, in a ring, gazed upon his royal beard; "Good old George!" the people yelled, when their monarch they beheld. And his eyes were misty then, and emotion shook his frame, as he heard the war-worn men call him by that loving name; "Good old George!" his people cried, and his bosom swelled with pride. That was finer far than praise by the stately heralds sprung, than the eulogies of jays drilled of gesture and of tongue; finer than the poet's song, "Good old George!" they whistled it strong. Since the long drawn war began, and the world was trampled flat, George was first of all a man; and a man-sized one at that; so, when he goes kinging by "Good old George!" his people cry. In the days of stress and dread never shirked he toil or cares; when the people mourned their dead, George's heart ached with theirs; now that dreary time's gone by, "Good old George!" the people cry. Could the German kaiser now to his native land return, is there, think you, man or frau, who would not his nobles spurn? Is there one, already, still, who would cry out, "Good old Bill?"

ATTENTION—FARMERS AND GARDENERS

SPECIAL DRIVE TO SECURE CLOTHING

With millions of men, women and children refugees in allied countries in sorest need of clothing of any kind the American Red Cross has set the week of March 17-21 for a nation-wide collection of used clothing, shoes and blankets for these helpless people. Every rep and survey from abroad shows unmistakably that the clothing problem faced by those returning to their devastated homes is one of the most serious they have to face and it is equally clear that it is to America the suffering must turn.

The collection of cast-off clothing, which will be conducted by the thousands of Red Cross chapters scattered through the states, has been timed to the season when millions of Americans are changing from winter clothing to light, most of that laid aside being garments they will never use again. Through every possible agency the plight of the refugees in northern France, Belgium, Italy, Czechoslovakia, Rumania, Greece, Poland, Macedonia and Albania will be brought home to the American people and a minimum of ten thousand tons of used clothing, it is expected, will be donated.

The reason the refugees must look to the outside world for succor is that even though they had raw materials they would still be helpless because of the vandalism committed upon their textile industries by the Teutons. The first step toward helping them has been taken by the war council of the American Red Cross arranging for an emergency shipment of 13,500,000 yards of textiles, valued at over \$4,500,000. But still more must be done.

"The need is great to a degree that few at home can possibly realize," cabled Col. Harvey D. Gibson, American Red Cross representative in Europe. "Every garment furnished will cover a body which otherwise would lack proper clothing and each garment furnished will actually prevent suffering."

NOTICE TO FORD OWNERS

When your car is out of order and you are in need of repairs, insist that nothing but Genuine Ford Parts be used on your car. And in order that you may know whether or not the repair man is using nothing but Genuine Ford Parts, look over the door and if the repair man is using nothing but Genuine Ford Parts, he will have a sign furnished him by the Ford Motor Co., which reads like this: **WE USE NOTHING BUT GENUINE FORD PARTS.**
C. N. PRIEST, the Ford Man

AMERICAN CROSS FOR BRAVERY.

Mrs. J. T. Little of Alexander is in receipt of the pleasing news that her nephew, John Willard Dempster, now located in Holland has been awarded a military cross for conspicuous bravery.

Young Dempster enlisted at the age of fifteen in the Illinois National Guard at Chicago, later going overseas. He had been "over the top" five times before his seventeenth birthday.

It was during the battle of Bray when a Boche shell cut the line of communication impeding a great number of American soldiers. Dempster volunteered to repair the line. He crawled out to the break and soon had communication re-established, working all the time in an exposed position and under constant fire but fortunately was not hit. By this act of bravery it was possible to obtain necessary assistance resulting in the saving of thousands of lives, and for this that the medal was awarded.

K. OF P. 376 NOTICE!

MISS LOIS BEAN WEDS SOLDIER

Scott County Girl Married to Roy Hamilton Just Released from Army Service—Winchester News Notes.

Winchester, March 12. — Most friends of Miss Lois Bean and Roy Hamilton will be surprised to learn of their marriage which occurred Wednesday afternoon at the parsonage of the Christian church, Rev. Mr. Evans officiating.

Mrs. Hamilton is the youngest daughter of Mrs. Thomas Bean and is one of the most popular of Winchester's young women. The groom is the son of Mr. and Mrs. J. E. Hamilton, living west of the city. Both he and his bride belong to prominent Scott county families. Mr. Hamilton, who is a farmer by occupation, has but recently returned from the army service.

The young people left immediately after the ceremony for St. Louis. After their return they will be at home on a farm in Scott county. Their many friends will extend heartiest congratulations and best wishes for a happy wedded life.

Misses Dell McLaughlin and Ethel McClure left Wednesday afternoon for a short visit in St. Louis.

Mrs. J. R. Peak met with a very painful accident Tuesday evening, while at the home of her son, George Peak. She was coming down the stairs and just as she reached the last step fell in such a way that she dislocated her hip. Mrs. Peak is nearly eighty years of age and that fact makes the accident the more serious. Dr. George Brengle and Dr. J. W. Hargrove of Jacksonville were called and everything possible is being done for the sufferer.

Members of the I. O. O. F. gave a dance Wednesday evening in their hall on the south side. Music was furnished by a special orchestra including the following: C. P. Quakenbush, violinist; Myron Ellis, cello; Ivan Hawk, clarinet; Mrs. J. W. Eckman, accompanist.

J. E. Coultas has just been named trustee officer for the public schools and will enter upon his duties at no distant date. Mrs. Noble McLaughlin and Little son and Miss Jen Stewart of Olney were visitors here Wednesday.

Elmo Coultas, wife and baby are to leave Thursday for their home in Louisiana, Mo.

NOTICE TO TAXPAYERS

The tax books are now in the collector's office and is a judgment against all parties mentioned therein.

Parties paying on personal tax only, should pay the same promptly and avoid trouble and expense in collecting same. The judgment reads as follows: **In case any person named in said books shall neglect or refuse to pay their personal tax you shall levy the same by distress and sale of goods and chattels of such person. Parties paying on real estate should bring their old tax receipts to save time and avoid mistakes. If paying through the banks, leave your old receipts with your bank as soon as possible.**

W. H. WEATHERFORD Sheriff and Ex-officio Collector

HEARS FROM SON

Mrs. George Wolke has received word from her son, Sergt. Clarence Wolke, who is in France. This is the first word she has had from him since December 5th. At the time the last letter was written he was on his way to Maziere, France. He had been in a hospital and had undergone an operation but had recovered. He did not know when his division would be home.

RAILROAD OFFICIALS HERE

W. C. Hurst, general superintendent of the Chicago & Alton and the C. P. & St. L. railroads and J. J. Butler, assistant superintendent were in the city yesterday looking after business matters pertaining to the systems.

The return of Lloyd Wells from Camp Taylor was mentioned yesterday. He has been in the service of the medical department there for eighteen months past. Mrs. Wells has been in Louisville during the greater part of the time and returned to Jacksonville with her husband.

Social Events

Parent-Teacher Meeting At Lafayette School.

A meeting of the Parent-Teacher association of the Second ward was held at Lafayette school Wednesday afternoon. It was the first meeting to be held since school opened last fall because of the influenza epidemic and there was a good attendance of members. Rev. W. E. Collins was present and led in community singing, first with the children and then the parents. After the singing he made a talk on community singing and its value from an educational standpoint. Superintendent Perrin was present and also made a talk on the condition of the schools and the difficulties encountered in their operation the past school year. An interesting discussion Mr. Perrin's talk. Following the program and talks a social hour was enjoyed and refreshments were served. Mrs. Herbert Capps is the president of the association.

Wednesday Class Met With Mrs. E. P. Kirby.

Mrs. E. P. Kirby entertained the members of the Wednesday Class at her home No. 1 Duncau Place, Wednesday afternoon. The regular business session of the class was carried out.

Pastor's Aid of Grace Church in Regular Meeting.

The regular monthly business meeting of the Pastor's Aid society of Grace church was held at the church Wednesday afternoon. Regular routine business was transacted including the receiving of reports of various standing committees and circles of the church.

GAGE HATS Hats made to order. Spring scarfs of all kinds. MRS. ABBOTT, Ill. Phone 881.

DEATHS

Long.
Milton Long of 815 South Diamond street died at a local hospital at 2:30 o'clock Wednesday morning. Death was caused by heart trouble and he had been ill for some time.

Deceased was the son of Nicholas and Anna Long and was born in Concord November 30, 1843. He was united in marriage to Miss Elizabeth Carson at Meredosia.

The following children survive: Miss Ida May Long residing at home, Burton Long and Ross Long residing west of the city and Rev. Arthur Long in Y. M. C. A. service overseas. He also leaves two sisters, Mrs. Lucretia McLin of Iowa, Mrs. Mary Haley of Colorado and five grand daughters and one grandson.

Mr. Long was a member of the Christian church and a veteran of the Civil war. He enlisted in August, 1862 and was mustered out in April, 1863 because of disability.

For many years he followed the occupation of farming and was accounted successful in his work. A number of years ago he retired from active work. He was a man who held strict ideas in his dealings with his fellow men and was highly regarded in this city and vicinity where his entire life was spent.

Funeral services will be held from the residence, 815 South Diamond street at 2 o'clock Friday afternoon in charge of Dr. Myron L. Pontius with burial in Diamond Grove cemetery.

MATRIMONIAL

Williams-Adams.

Friends here have been advised of the marriage of George D. Williams and Miss Elsie T. Adams, which occurred recently at the home of the groom's parents, Mr. and Mrs. John B. Williams, in Chicago. The groom is a former resident of this city but has for some time past lived in Chicago. The groom is a former resident of this city but has for some time past lived in Chicago. The wedding was a quiet one and the only ones present were a few intimate friends and relatives. The young people will make their home in Chicago and will soon begin housekeeping in a home made ready by the groom.

BUILT TO FIT FARM

The Moline Universal One-Man Tractor

Before the first Moline-Universal was built over 5 years ago, we determined exactly the power requirements of the average farm and just what the average farmer desired most in a tractor. The engineering department used as a basis the information gained through a questionnaire answered by over 30,000 farmers. When this information was summed up it was shown beyond a doubt that a tractor to be successful must be able to do all farm work, including cultivating, and that one man must be able to operate both tractor and implement in all operations. It was shown that the total horse and man power hours required during the cultivating season were equal to those required for plowing and harrowing. The farm tractor must do light as well as heavy work or otherwise the number of horses cannot be materially reduced, and it is too expensive to have two tractors, one for heavy work and the other for light work. Thus it can be seen that the Moline-Universal design is based on actual farm requirements, and is in reality the most logical type of tractor. This is being proven every day by thousands of Moline-Universal owners, and while the Moline-Universal has been gradually improved and perfected, it has never been changed in type.

OLD JACKSONVILLE

SOME OLD WAYS

By Ensley Moore

(Member Illinois State Historical Society)

The sight of an old ash hopper, the other day, was a reminder of one old time labor.

The pioneer ladies, and the habit came well down to Civil War times, used, in the spring to make soap. Sometimes it was soft soap, at others it was made into cakes, which were allowed to harden; and, while the soft variety was used for washing clothes, dishes and scrubbing, the hard kind was better for hands and faces.

The first preliminary was for months, to save up grease and bones with fat adhering to them, often, of course, were saved. Then came the building of the ash hopper, if one had not survived for years past. The hopper was made of any old boards available or fitting, placed inside a square frame.

The boards slanted up and outward on the sides, so the ends resembled a V to some extent. The ashes were placed in the hopper and a sufficiency of water poured in on top of them, as the water ran down thru the ashes the lye was bleached from them. At the front end of the base of the hopper a dish, or other receptacle was placed, and the lye was caught in it.

The process was continued till enough lye was secured to fill the kettles used for boiling the lye, into which the grease had been put. This was boiled for some hours, or until the soap maker thought it had done so long enough. Meantime she would take some out to "try it," to see if it was thick or heavy enough. That for the soft soap. The hard was boiled longer, allowed to cool in the kettle, the scum like surface then being cut into slabs or squares, and laid out, on boards or something to dry. The lye making the soap kept a close eye on it, and saw to proper stirring, which was often done by her children.

It should have been stated that the kettle, of iron or brass, was hung on a rod, supported at either end on a crocheted stick high enough to keep the kettle above a strong, wood, fire.

One of the features of the work was that the lady attending to the manufacturing process generally wore a calico sunbonnet with or without paste-board slats to keep it extended fore and aft.

Soap making was a great occasion and neighbor women could visit very comfortably at such a time.

"Why didn't the women buy their soap?" Mostly because there was no convenient place to do so, in the country, and both in town and country it was so much cheaper to make the article than to buy it. It is not surprising that, in earliest settlement, when bees-wax and pellets were "legal tender" it was not easy to get either of these things, much less cash money.

This was but one of the hard tasks which necessity imposed on the fine women of the early days.

Goudy's Almanac.

Robert Goudy drifted out from Washington county, Pennsylvania, thru Ohio to Indianapolis and southwestern Indiana, coming from there to Vandalia, Illinois, in 1822, and to Jacksonville in 1833.

He was a printer, and published the first Democratic newspaper here, in Jacksonville, in 1834. He must have begun the printing of his almanac here that year, for a copy of the issue of 1834, was numbered twelve.

Mr. Goudy left here about 1842, going to Springfield, the capital, which was his last place of residence. He was succeeded in the publication of his almanac by his son, E. T. Goudy, who kept a printing office and book store on the east side of the Square, Springfield, in 1846.

The outside title page had this on it:

"No. 12. To be Continued Annually."

GOUDY'S
Farmer's Almanac
and
Repository of
Useful Knowledge
For the Year
1846.

Being the Second After Bisextile, or Leap Year,
And (after July 4th), 71st of the American Independence,
Springfield.

Published and Sold By
E. T. Goudy.

The Almanac had the usual Eclipse and other information, and monthly calendars; the latter interspersed with guesses on the weather; with anecdotes, other reading, and times of holding the state circuit courts.

Morgan county was in the first circuit. Samuel D. Lockwood being judge and G. H. Goodrich attorney. It met here the 4th Mondays of May and October. Under the head of State Officers Thomas Ford was given as Governor; John Moore, Lieutenant Governor; Thompson Campbell, Secretary of State; W. L. D. Ewing, Auditor of Public Accounts; Milton Carpenter, Treasurer of State; James A. McDougall Attorney General.

As to weather prognostications March 12th was marked "Turbulent," perhaps the approaching Mexican war affected the atmosphere.

April 16th, Wednesday — "O.J.'s" birthday was marked "Warm."

At the back of the pamphlet were several pages of advertising. The only name now used in business, to the writer's knowledge, in Springfield, being "J. Bunn, wholesale and retail grocer and commission merchant."

This meant Jacob Bunn, the banker, afterward, whose brother John W. Bunn still runs a wholesale grocery business.

Dr. Charles B. Pelton, surgeon-dentist, advertised, among other points "Artificial Teeth set on slumps and in gold and silver plates, and warranted to fit well and be useful."

Dr. Pelton's son, Charles, attended Illinois College, with the writer in 1862-4.

The almanac was sold thru this region, and the farmers are said to have "set great store" on the weather-prognostications.

ADVANCED STUDENTS RECITAL

A program will be given by advanced students of Illinois College Conservatory of Music tonight at 8 o'clock. The program is as follows:

Reverie (piano) Schuett
Cherchez, op. 52 Moszkowski
Jeannette Miller.

HUNDREDS TURNED AWAY FROM MAJESTIC.

"The Heart of Humanity" the third of the world's greatest pictures filmed since the birth of the film industry, opened yesterday to record crowds at Luttrell's theater.

At 8:30 o'clock Wednesday night the house was packed and more than two hundred people were waiting at the door. Today will be the last opportunity in Jacksonville to see this really remarkable cinema production and Manager Luttrell hopes that all persons who possibly can do so, will come to the early afternoon shows as he knows that his house will not accommodate the crowds if too many wait until night and he does not want any disappointed.

"The Heart of Humanity" is in a sense a war picture although it does not depict brutalities and Hun atrocities. It rather is a story of the living, breathing world, with love as its central theme, the love that dwells in a mother's heart, a story of that which prompts humanity to do and to dare for the right.

Dorothy Phillips as seen in the stellar role proves the claims made for her and justifies her being considered today as one of the foremost actresses in screenland.

FIRE and Tornado insurance, "Old American" of Newark, N. J." See BERT KILLAM, Bell 758.

IS MAKING GOOD IN CHICAGO.
Many of the young people of the fourth ward will remember William Williams, son of Mr. and Mrs. Hayes Williams, until two years ago residents of this city. The young man is now employed at the Globe laundry in Chicago and is making good in his work there. His father was employed at the light plant in this city for many years and the family home was at 216 Anna street. The family is now residing at 950 Van Buren street, Chicago.

Why Itch and Scratch With Burning Eczema?

Genuine Relief If You Resort to Sand and Sensible Treatment:

There is a very common misunderstanding of Eczema and the various other forms of skin eruptions which cause so much pain and discomfort. Because the surface of the skin is the scene of an attack, and seems to be inflamed, with fiery, burning and itching, these disorders are mis-named Eczema.

The truth is that they are not really skin diseases, and that they may nothing but discomfort allows their treatment with strict and lotions applied to the surface of the skin.

These irritations, eruptions, boils, pimples, etc., are caused by a disease germ in the blood, which is sent out through the skin, and you will experience genuine relief as long as the germ is in the blood.

20 cure can come from ointments and lotions, even if you apply them to the surface by the ton.

Get a bottle of S. S. S. from your druggist, and begin the sensible, rational treatment today, and you will experience genuine relief as thousands of others have.

I want any special medical advice regarding your own case, you can obtain same without cost by writing to Chief Medical Adviser.

Roller Skating

Is Excellent Exercise.

If there is a youngster in your home without a pair, fix him out at once. Turn the children out, after school, on a pair of good roller skates and note their gain in health and strength.

We Have in a New Line for Boys and Girls.

REV. W. H. MARBACH
AT WOMAN'S COLLEGEMinister Heard in Interesting
Talk at Chapel Exercises.

Rev. W. H. Marbach pastor of States Street Presbyterian church was heard in an interesting talk at chapel exercises at Illinois Woman's College Wednesday morning.

Mr. Marbach said that no man who had spent some time in the training camps of the country had any doubt of the great influence exerted by women, either for good or bad. He declared that the desire to be true to Christ and to lead a life which would have an uplifting influence was the basis of true success in womanhood. Referring to the appeal of Christ to Peter, "Simon, son of John, do you love me more than these?" Mr. Marbach said that the same appeal is made to the woman of today. "If one is to help in the

great task of uplifting humanity there must be no dividing of allegiance—no compromise with lower ideals. If our lives are to be a blessing to the world the foundation must be the religion of Christ. If our love for material things is stronger than for the spiritual our lives will not have an influence for good on the lives of others. We must cultivate the higher things of life if we desire our characters to be a power for good in the community.

"The good women who have lent their influence in the camps will probably never realize just how far-reaching that influence has been, but in years to come those men will lead better lives because of the contact with these noble women. It is an excellent thing to cultivate the mind, but it is of far greater importance to cultivate the virtues of Jesus Christ in life today, and the woman who will be able to meet these problems in a successful way will be the one who is devoted to the Christ. Devotion to Christ means service to mankind, and before you can serve in a whole-hearted way you must have the love of Christ in your heart."

Mr. Marbach drew a lesson from the act of Mary, who went to purchase ointment to anoint the feet of Jesus, and who declared that nothing was too good for her Lord. The minister said that Mary's life had an influence which was immortal, because she had given her all to her Master. The woman of the present day, he declared, could find her greatest happiness by giving her life to Christ and serving Him day by day.

WANTED AT ONCE
All experienced man to manage my 245 acre farm. One with a boy or two large enough to assist with the work preferred.

FUNERALS

Johnson
Funeral services for Mrs. Anna Johnson were held from the undertaking parlors of John G. Reynolds at 2:30 o'clock Wednesday afternoon in charge of the Rev. G. W. Randle, pastor of Brooklyn church. Burial was in Diamond Grove cemetery, the bearers being George L. Riggs, W. E. Smith, Henry Rayburn and Amos May. The minister read various comforting passages of scripture and referred in a fitting way to the admirable characteristics of the deceased. Mrs. Johnson was a woman of high ideals who gave her best thought to her home and family. Her influence did not end there and she was ever ready to aid in a friendly way those whom she came to know. Her life, the minister said, was well spent and her active years were characterized by good works.

WOODSON SOLDIER
RETURNS HOME.

Regimental Sergeant Major East Adams son of Mr. and Mrs. Elisha Adams of Woodson returned home Wednesday from army service, having received his honorable discharge.

He enlisted at Devils Lake, North Dakota in May 1917 and was sent to England in November of that year. After a short stay there he was sent to France and for three months was with the First division in the Toul sector. While in France he was able to visit all of the principal cities of that country.

He came from Brest for this country February 8, 1919, and landed at Hoboken, N. J. February 26, 1919. After a short time there he was sent to Camp Dodge, Iowa where he received his honorable discharge.

After a brief visit with his parents he expects to go to North Dakota where a good position awaits him. Prior to enlistment he was engaged in farming.

Hear Miss Olmsted, Red Cross nurse in Russia, and Dr. George Palmer, of state board of health, Christian church Friday night. You are invited.

BIRTH RECORD

Born to Mr. and Mrs. Tom R. Cain, of Webster avenue, a daughter, at Our Savior's Hospital. Mrs. Cain was formerly Miss Elizabeth Butler.

Born, Sunday to Mr. and Mrs. Charles Brainer of Grace Chapel a daughter Wilma Jeanette.

George Ratliff, who has been living on a farm east of Liberty, has removed to his farm northwest of Murrayville. The many friends of the family in Liberty precinct unite in wishing them success in their new home.

Frank Hopkins and family will remove from Liberty to this city today. Mr. Hopkins will be employed by the street railway company.

NOTICE OF EXAMINATION

Examination for teachers' certificates will be held in the office of the county superintendent, Thursday and Friday, March 20th and 21st. The examination will begin Thursday morning promptly at 8 o'clock. For further information call or write H. H. Vascencello, Co. Supt. Schools.

AN INCIDENT RECALLED.

Recent events have brought to mind various facts about men who are now candidates for office.

The following personal experience with Mr. Bellatti has been submitted for publication: "The writer had a little transaction with Mr. Bellatti some years since and gained quite an insight into his character. The writer wanted to buy a farm and Mr. Bellatti told him where he could get what seemed to be a good bargain. A farm was to be sold under a mortgage foreclosure and the writer bought it in but later a judgement creditor came in and took it and the writer was out \$8.50 in interest."

"Hearing of this Mr. Bellatti called the writer into his office and said he wanted to pay that \$8.50. The writer didn't even imagine the gentleman in the very slightest manner, legally or morally indebted a cent to him but Mr. Bellatti insisted on paying over the money saying it was he who had suggested the deal. It would hardly be called the act of an ordinary man."

I. N. Winner of Prentice was a business visitor in the city Wednesday.

BULLETINS

BAITMORE, Md., March 12.—John E. Hanrahan, a pioneer founder and inventor of the composite principle is dead at the age of 79 years.

ARCHANGEL, March 12.—(By The Associated Press.)—The Bolshevik forces adopted new tactics last night carrying out a night bombardment of the allied positions on the railway front. The enemy shelled these positions from eleven o'clock until one in the morning without doing any damage. Quiet prevails on the Vaga and other sectors.

BUENOS AIRES, March 12.—The cereal markets are practically at a standstill owing to the continued strike of port workers. The railroads running into the ports are crowded with cars.

WASHINGTON, March 12.—At a conference today with representatives of the labor war and navy departments the war labor board announced that it would not object to an adjustment of the New York harbor strike, could be reached thru the offices of the federal conciliator even tho it would involve a modification of the award already granted.

EL PASO, Texas, March 12.—On a permit by the United States government 150,000 rounds of ammunition which was purchased in the United States some time ago was permitted to cross the border here today for the Mexican federal army in the northern part of Mexico to be used in a campaign against Villa.

EASLE, March 12.—(By The Associated Press.)—Silesian troops acting in agreement with the central soldiers council, have occupied the public buildings of Breslau, according to an advice from that city. This action was taken owing to the discovery that Spartacan leaders were arriving in Breslau from Berlin with the purpose of occupying the buildings and delivering the town to pillage.

FOOD RELIEF OF POLAND
PROCEEDING SMOOTHLY

PARIS, March 12.—(By The Associated Press.)—The food relief of Poland is proceeding smoothly, according to Herbert Hoover today, in spite of the fact that the risk is too great to send trans-Atlantic steamers all the way to Danzig, owing to the Baltic not being free of mines. A large proportion of the food is being discharged at Rotterdam and Copenhagen, and then trans-shipped in smaller craft to Danzig, where the Germans are carrying on the transportation efficiently.

Thirty-eight thousand tons of foodstuffs shipped by the American government were shipped to Danzig in February and 23,000 tons went to Warsaw. The shipments are increasing daily and there are already signs of improvement in conditions. The population of the villages have enough food until the harvest but the situation of four million inhabitants of the towns will continue to be serious until the arrival of supplies.

Discontent is decreasing with the spread of relief. Special efforts are being made to feed debilitated children. Condensed milk and other foods for the young are being hurried into the country.

TROOPS THREATEN TO
SINK TRANSPORT

HALIFAX, March 12.—When the transport Tolosa docked here today with her captain reporting a threat by 523 troops in her steerage to sink the vessel unless they were put ashore and given transportation to their homes in the United States steamship officers went aboard to interview the complaining soldiers. They found that fifty of the men had sufficient funds to cover their railroad fares and immigration head taxes. The others it was stated, would be held aboard the ship which will sail Friday for New York. This order keeping the men aboard was issued in spite of fears expressed by Captain Jackson of violence.

The troops most of whom enlisted in the British forces from the United States and eighty-one of whom are American born were discharged from the army with \$20 and an order on the British consul at New York for transportation to their homes. Gambling among the men had left most of the funds in the hands of a few swindlers.

COL. FELAND MADE
MARINE COMMANDER

WASHINGTON, March 12.—Promotion of Colonel Logan Feland, of Hopkinsville, Ky., commander of the Fifth Regiment of Marines now serving as a part of the army of occupation to be today by Secretary Daniels. Colonel Feland will fill the vacancy in the marine corps caused by the voluntary retirement of Brig. Gen. James Mahoney.

For gallantry and distinguished services, Colonel Feland has been awarded five decorations. He was cited three times in French army and corps orders for bravery. He was also cited in American general army orders.

HALF OF THE FAMILIES
IN U. S. HAVE PHONES.

Washington, March 12.—One out of every two families in the United States had a telephone in 1917 and during that year the total number of telephone calls made averaged 200 for every man, woman and child in the country. These figures are included in a preliminary report on the telephone industry of the United States made public today by Director Rogers of the census bureau.

POINDEXTER COMMENTS
ON EARLY PEACE

WASHINGTON, March 12.—Senator Poindexter of Washington, one of the 23 Republican senators who approved the resolution of the Senate Lodge opposing the constitution of the league of nations issued a statement tonight asserting that "the most refreshing news for the suffering millions of the world is the announcement that definite preliminary terms of peace have been agreed upon and that peace will no longer be delayed while waiting discussion of a league of nations."

"The wisest decision reached by the peace is to be kept separate and distinct from the league for the conduct of future wars. The crying need of the world is peace and peace has been deliberately denied it in the effort to form a war league. The peace congress has at last awakened to the demand for peace and seized the opportunity of the last three weeks being refused during that period of the obsession of war league to make the terms of peace."

SENATOR NEW STARTS
ON AIRPLANE TRIP

WASHINGTON, March 12.—Senator New of Indiana, left Washington at 2 p. m. today for New York in an airplane piloted by Major Ocker. They will attend the aeronautical exhibition in New York tonight.

PLAN REORGANIZATION.
(French Wireless Service.)

STRASSBOURG, March 12.—A council of Alsace-Lorraine at a meeting here has adopted a plan for re-organizing the government of the two provinces according to the wish of the inhabitants. The French high commissioner with headquarters at Strassbourg will act for the French minister of war.

The council adopted a resolution insisting upon the elimination of all German elements from the public service.

20,000 STRIKE.

Basel, March 12.—The Frankfurt General Kneizer reports a general strike in the mining districts of Breiten, Silesia, it being said that twenty thousand workmen are idle there. A telegram from Graudenz says that martial law has been proclaimed in the Breiten, Kulm, Thorn, and Strassburg districts of West Prussia, owing to an advance of Spartacan forces in that region.

CONFESS TO MURDER

Harper, Kans., March 12.—Benjamin Romaine, aged 43 and Mrs. Fred Higback, aged 30 today made written confessions to the county attorney of Harper county that Friday night they killed the husband of Mrs. Higback by giving him poison. Both are being held in jail at Anthony, Kans.

REPORTS DENIED.

New York, March 12.—Reports from the Young Men's Christian association proposed to divert war work funds to the erection of permanent association buildings throughout the country were denied tonight by William Sloane, chairman of the national war work council.

M. H. Grassly, of Springfield, Mass., who is with the Strathmore Paper company, is in the city for a visit with his mother, Mrs. F. H. Grassly and family of 856 South Clay avenue. Mr. Grassly is now serving in an important capacity with this well known company, operating several mills in an eastern state.

The story of Mendelssohn's "Spring Song" in moving pictures in the Sunday school room of Central Christian church, Thursday evening, March 13, at 7:30 o'clock. Admission 10c.

EASY TO MAKE THIS
PINE COUGH REMEDY

Thousands of Families Swear By Its Prompt Results—Inexpensive and Saves About \$2

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine is famous for this purpose.

Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain granulated sugar syrup. To make the best pine cough remedy that money can buy, put 2½ ounces of Pinex in a pint bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make a full pint—more than you can buy ready-made for three times the money. It is pure, good and very pleasant—children take it eagerly.

You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—inflamed membranes—and this Pinex and syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

Pinex is a healthy concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs. Beware of substitutes. Ask your druggist for 2½ ounces of Pinex with directions. Don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

WILL ATTEND
FAMOUS UNIVERSITY

Dr. and Mrs. A. L. Adams have been advised by their son, Worthington Adams, who is in the overseas service of the army, that with others he will enter upon a three months' course of study at Oxford University April 1. Some special arrangement has been made whereby young men may retain their connection with the military service and still have the advantage of attending this world famous university. Young Adams has been over much of the occupied territory during recent weeks, as he is a member of a Y. M. C. A. minstrel troupe. He is singing in the chorus and the troupe has visited all the cantonment and all places where American troops are quartered.

ATTENTION, K. OF C.
Regular meeting tonight
at 7:30 o'clock. Special program.FINE ADDRESSES AT
PUBLIC MEETING.

Those interested in arranging for the district conference of tuberculosis workers here declare that the public meeting at Central Christian church Friday night will be of very great interest. Miss Katherine Olmstead, formerly public health nurse here and who had most thrilling experiences in Russia as a Red Cross nurse, will make an address. Another speaker will be Dr. George T. Palmer of the state board of health, prominently identified with the work of the tuberculosis society. The meeting is for the public, without admission charge.

Hear Miss Olmsted, Red Cross nurse in Russia, and Dr. George Palmer, of state board of health, Christian church Friday night. You are invited.

DIED IN MACOMB.

A number of people here have heard with regret of the recent death of W. O. Spears at St. Francis' hospital in Macomb. The deceased had been ill for a period of three months. For a number of years he had been a resident of Beardstown and was a man held in high esteem there. Mrs. Spears died three years ago and there are five children surviving. Margaret, William, Floyd, Daniel and Nellie. The funeral services were conducted by Rev. A. L. Caseley. Interment was made in Oak Ridge cemetery.

Charles P. Gillett and Miss Alma Gillett, who have been spending a number of weeks at Mt. Dora, Fla., and in that vicinity, are expected home today.

Public Sale

William Schofield cow \$51. Howard Summers cow at \$40.

Martin Craddock two heifers at \$61 and \$65.

Elbert Erixon heifer \$32.50. C. Justus Wright bull \$47.50, eight shoats \$17 per head.

In an advertisement which has been appearing in the Journal calling attention to Farmer's Day at Wright and Solomon's Implement Shop in Murrayville the date should be Thursday, March 20, and not Wednesday.

WILL NEW TODAY
The Loyal Woman's Class of Central Christian church will sew for the Social Service League Thursday at the home of Mrs. W. O. Swales, 422 South Clay avenue.

WILL BE PLACED ON TRIAL AT JOPLIN

Ross McDonald Charged With Robbing Dr. C. E. Scott Gets Change of Venue—Reception at Carthage for Dr. Scott.

Dr. Charles E. Scott recently went to Carthage, Mo., to appear as a witness in the trial of Ross McDonald, who is charged with having assaulted and robbed Dr. Scott at the Frisco depot in Carthage on the night of Feb. 13. According to a Carthage paper a continuance has been granted which will probably carry the case over to the April term of circuit court, at Joplin, Mo. T. C. Tadlock, attorney for McDonald, in the first place secured a change of venue from district No. 1 of the circuit court, on the claim that Circuit Judge J. D. Perkins was prejudiced in the case. The attorney also opposed the request of the prosecuting attorney for immediate trial in the case.

It seems that in the change of venue granted from division No. 1 that the case would have normally gone over to the next term, but the prosecuting attorney immediately brought the case up in division No. 2. In order to resist and insure a continuance Attorney Tadlock filed an affidavit stating that his associate counsel, Byron H. Coon, is a member of the Missouri legislature and is attending session at Jefferson City. Under a Missouri statute this furnished the necessary ground for a continuance.

The Carthage Press in a recent issue had the following notice about Dr. Scott's presence in Carthage indicating that he is held in high esteem there:

"Dr. Charles E. Scott, of Jacksonville, Ill., arrived in Carthage yesterday, accompanied by Stansfield Baldwin, a close friend, to be ready for the trial today of Ross McDonald, who is alleged to have assaulted and robbed the doctor at the Frisco depot here on the night of February 13.

"Dr. Scott in his room at the Harrington hotel today was greeted by many prominent business men and citizens, who were glad to see him here and looking in fine health after his experiences in Carthage a few weeks ago. They assured him that he was among friends and that the large majority of the people of Carthage were behind him, and officers in efforts to bring to justice the person or persons implicated in the attack made upon him here. They also wanted him to know that Carthage was generally a law-abiding city and that the people did not accept such affairs as the one of which the doctor was a victim in a common-play way and were very much aroused.

"Tonight Dr. Scott will be the guest of honor at informal receptions to be held in the Carthage Chamber of Commerce rooms and later at the Elks Club.

"Dr. Scott is a member of the Elks lodge, also of the A. H. T. A. and members of both organizations are active in looking after his interests here."

ATTENTION O. E. S.
Regular meeting Thursday night. All members urged to be present. Work. Refreshments.

Anna G. Rabjohn, Worthy Matron.

WHO RAISED THE POLE?
George Johnson says when he was a little boy probably four or five years old he remembers seeing a flag pole raised on the Gordon premises but he cannot remember who raised it nor to what political party it belonged. It used to be the custom many years ago to raise flag poles each political party trying to get one higher than the rival. The Democrats used hickory and the Republicans ash and sugar tree and some of them pointed high in the air. A flag was swung to the breeze and on it then were printed the names of the party candidates. That now would be contrary to law.

THIS WEATHER IS JUST RIGHT FOR ONE OF HERMAN'S UP-TO-DATE SPRING SUITS. CALL AND SEE THEM. OUR PRICES ARE RIGHT FOR STYLE AND QUALITY—CONSIDERED.

ARMY VETERAN

VISITING HERE.

Samuel and Miss Lillian Welch of London, Canada, have been visiting their uncle and aunt Mr. and Mrs. A. H. Wyatt, 619 Ashland avenue, for the past two weeks.

Mr. Welch served three years with the Canadian army and during service was wounded three different times.

Mr. and Miss Welch have started on their return home, stopping en route at Springfield, Ill., to visit Mr. and Mrs. Earl Taylor. On leaving they were presented with a handsome present by Mrs. Wyatt.

DECATUR WILL BUILD DAM FOR WATER SUPPLY

Conditions There Call for More Adequate Supply—Will Construct Dam and Buy Needed Land Later.

Over in Decatur the question of increased water supply is one of active interest and it is proposed to follow somewhat the same plan as is now in prospect here. A dam and storage reservoir will be built in order to secure the desired increase in supply.

The matter came to acute attention because of a proposition from one of the large industries that it must move to another city unless a large and more certain water supply was guaranteed. This announcement put the Decatur people on their mettle. It is now proposed to build the dam and then buy as much land as is covered by the backwater. The land nearest the dam will be purchased first. A summary of the situation is given in the following, taken from the Decatur Review:

That decision was reached by the members of the city council at 3:30 o'clock Monday afternoon after they had gone over the last proposition submitted by the land owners, and Corporation Counsel W. J. Carey was instructed to inform W. Frank Godwin, who has been representing the owners of the land that it is thought will be flooded.

It will take at least a year to complete the dam. When it is done the city will buy only the land that it is necessary to flood to get the necessary water supply. When that time comes, if no agreement can be reached on the price the city is to pay for the land, the matter will be left to the court to decide.

The last proposal from the land owners was that they select one man, the city one man and those two a third man to act as arbitrators, and if the two did not select a third man in five days, Judge W. K. Whitfield should name the third man. The city wanted to submit a list of five names and let the landowners select the city's representative, and have the landowners submit five names and let the city select one of the five to represent the landowners, and those two select the third man. It was thought that by submitting five names each it would be easy to pick two men who would be fair. This did not suit the landowners.

The landowners also wanted the city to stand all the expense. They also wanted compensation for the coal rights, and the city did not want to pay for something that might not exist. It is not known that there is coal under the land the city wants. In condemnation proceedings the landowners would be given the coal rights. All the city would get would be the right to cover the land with water. The members of the council said they were willing to let a jury decide the matter when the time comes to overflow the land.

COUNTY LINE.

William Ash is on the sick list. Mr. and Mrs. Art Lonergan of Chicago came Friday for a few days' visit with Mr. and Mrs. Con Lonergan.

Roy Covington and sister Mrs. Stella Rousey traded in Murrayville Friday.

Elisha Brouse moved his saw mill Friday to Mac Sheppard's. Mr. and Mrs. T. P. Langdon, Mac Sheppard and wife, Mr. and Mrs. Con Lonergan and daughters Mildred and Beatrice were Jacksonville callers Monday.

Mrs. Norris Bracewell spent Friday with Mrs. Jas. Gracewell. Jerome Langdon has been detained home from school on account of sickness.

Mrs. Stella Rousey and son Kenneth came for a few days' visit with the former's parents Mr. and Mrs. Jess Covington. Greenup Edwards hauled hay he bought at Pinkie Mills' sale Wednesday.

Claude Bolton traded in Murrayville Friday.

Norris Bracewell traveled to Jacksonville Wednesday.

Mrs. George Whitlock called at Mrs. I. Whitlock's Tuesday afternoon.

Three of John Maloney's family are sick with the flu.

Dr. Webster was called to see Geo. Story Sunday, but he was a little better Monday.

NOTICE WOODMEN

M. W. A. Camp No. 912 will hold a special meeting tonight for the purpose of discussing the rate question. Neighbors of Camp 132 and visiting neighbors invited.

Chas. E. Patterson, V. C. J. Earl Vasconcellos, Sec.

MERRILL CRUZAN HOME.

A glad surprise was perpetrated on the home of G. H. Cruzan yesterday morning when Mr. Cruzan's son Merrill walked in on them and asked for his breakfast. The young gentleman entered the service last year and was soon taken across to France in the steamer "Kaukasus." He was with the 114th engineers, failed to get across in time to take any part of the conflict which he much regrets. He arrived in America, Feb. 24, and was sent to Camp Grant where he received his honorable discharge.

J. A. Groves estate to J. R. Seymour, pt. west half southwest quarter 31-14-9, \$1.

W. W. King to J. Vasconcellos, pt. lots 119 and 120, old plat Jacksonville, \$4,000.

REGULARLY ORDAINED BAPTIST MINISTER

Ernest Rutherford Ordained at First Baptist Church Wednesday Evening—Ceremonies Were of an Impressive Kind—Is Graduate of Illinois College.

Ernest Rutherford was regularly ordained a Baptist minister at First Baptist church Wednesday evening. The services were impressive and proved of great interest to the congregation of the church. He is the third to be ordained into the ministry from First Baptist church in the last two years.

The Ordination council convened Wednesday afternoon. The council is composed of delegates from the various Baptist churches of the Morgan-Scott Baptist Association. After a rigid examination the council unanimously voted to recommend to the church his ordination.

Wednesday evening at 7:30 o'clock the ordination services were held in the church. The following program was carried out:

Devotional—Rev. W. R. Johnson, Winchester.

Ordination sermon—Rev. L. W. Hostetter, Greenfield.

Charge—Candidate—Rev. H. C. Smith, Litchberry.

Ordination prayer—Rev. William Lumley, Jacksonville.

Hard of Fellowship and Presentation of Bible—Rev. F. M. Crabtree, White Hall.

Benediction—By Rev. Ernest Rutherford, the newly ordained minister.

Rev. Ernest Rutherford is at present a resident of Jacksonville. He came to this city from Roodhouse, and entered Illinois College, graduating with the Class of 1918. During his college work he gave evidence of unusual ability, and will no doubt meet with success in his chosen calling.

NOTICE TO FORD OWNERS

When your car is out of order and you are in need of repairs, insist that nothing but Genuine Ford Parts be used on your car. And in order that you may know whether or not the repair man is using nothing but Genuine Ford Parts, look over the door and if the repair man is using nothing but Genuine Ford Parts, he will have a sign furnished him by the Ford Motor Co., which reads like this: **WE USE NOTHING BUT GENUINE FORD PARTS.** C. N. PRIEST, the Ford Man

THANKS FRIENDS.

Owing to the fact that I am unable to see a great many of my friends, I take this means of thanking them for their support in nominating me as a candidate for alderman in the First Ward. I wish to assure the residents of the First Ward and of the entire city that if I am elected to the office I will always have the best interests of the city at heart and endeavor to the best of my ability to prove myself worthy of your support.

THOMAS FLYNN.

AN INTERESTING CHARACTER.

An Armenian, R. M. Mooradian, is in the city with a fine lot of rugs which he will show at the store of Andre & Andre. The gentleman is truly an interesting character aside from any business affairs he may have in mind. He is a native of a historic place, Harpoot, Turkey, his parents being among the early adherents to the Congregational mission in that place. He too is a member of that church and a very intelligent and interesting person. His tale fully agrees with those so many times already rehearsed making one shudder at the awful atrocities perpetrated by the Huns and their tools, the Turks. They need not be rehearsed here as they have been told so many times.

Mr. Mooradian speaks English fluently to with a foreign accent and it is a gentleman whom it is a real pleasure to meet. He speaks in terms of the highest praise of the American Board of Missions conducted by the Congregational denomination and fully bears out the words of Mr. Ryan who spoke here last week.

Good motion pictures under the auspices of "The Philathea Circle" Thursday evening, March 13, at 7:30 o'clock in the Sunday school room of Central Christian church. Admission 10c.

SOME LINCOLN HISTORY

The city of Lincoln is taking some pride in the fact that the records of the county show that Abraham Lincoln was years ago a lot owner in that city. It is said that just 61 years ago March 11, Lincoln then a young surveyor purchased a lot on the south side of the public square in Lincoln for \$100. By 1891 the value of this property had increased to \$1,100 as that was the amount for which it was sold in the year indicated. Today its value is much further increased.

A SOLDIER'S "BENEFIT."

A soldier in uniform was busy in the residence districts yesterday offering for sale at 25c a "soldier's benefit card" to be hung in the window. When questioned the young man said he was raising funds to help take care of soldiers without employment. He was large and husky himself and admitted that he was able to work and could find it, but said the fund was designed for others who were not as fortunate as he. The soldier had no credentials to field but had no credentials to show.

New

Double Breasted

The predominating style for young men, without question, will be double breasted suits

Here and now are several of the smartest models that you ever admired—

THE "MAYO" and THE "GOTHAM"

A high waisted coat with over-shoulder lapels, silk lined and piped.

THE "GOTHAM"—Snug waistlines with long graceful peaked lapels, pockets; silk piped welts; one-quarter silk lining.

THE FABRICS—Navy blue, African brown and fancy unfinished worsteds; grey and blue flannels—now in our windows—

\$30 and \$35

But you must see them; as advertised—and even better.

MYERS BROTHERS.

ANNOUNCEMENT

'Display of High Grade

ORIENTAL RUGS

By Mr. P. M. Mooradian
A Native of Armenia

Mr. Mooradian comes to us with high recommendations, all his dealings have been guaranteed, and he carries nothing but high grade rugs, such as you'll be glad to see. Mr. Mooradian is going to be with us a few days, and we invite you to come and see his splendid assortment in all sizes, and his prices are most reasonable. Mr. Mooradian has convinced us that Oriental rugs will be rare articles from now on, instead of plentiful, as most of the rug weavers have been killed by the unspeakable Turks. This we all know to be true.

We think this will be an opportune time to invest in Oriental rugs, as after May first the government compels us to pay a war tax on all rugs above \$5.00 a square yard.

We welcome you to see the arts of Armenians and Persians. These rugs run from 2x3 ft. up to 10x12 ft, and the prices from \$25.00 up. Watch our window display.

Mr. Mooradian will be glad to do any repairing of Oriental rugs, while he is with us.

WITH THE COLORS

FROM PRIVATE
WILLIAM SMITH.

Mr. and Mrs. Henry Smith of Pennsylvania avenue are in receipt of a letter from their son, William Smith, with the forces who are in Luxemburg, Germany. The many friends of the young soldier will read the following letter with interest:

My Dear Mother and all:
I do not know of much to write but know you will be glad to hear from me anyhow. It is very cold here now, but as we are having a good time we do not notice the cold so much. There are some fine girls here but we have a difficult time understanding what they say to us. Please tell Williams that I am all o. k. and that there is a skating rink here and we have some time teaching the "chickens" skate.

How is little sister? Tell her she will not know me when I get back, for I am sure fat and feeling just fine. There is a little girl here where I am staying and she reminds me of sister. I am trying to teach her to speak English. We had a royal feast the other day, friend chicken and other good things, and I ate until I could scarcely breathe. I sat for my picture but it isn't very good and I will have some more taken and send you one. I have the one you sent me when I was in Texas.

Well, mother, this is a beautiful country. I wish you could see it. And the best of all is that I have a big feather-bed and it is sure fine. I didn't want you to worry about me for I am all right, but it will be a happy day for me when I get back home once more. Tell everybody that old Bill is still alive. The Hun's couldn't kill him, but they tried hard enough. With love, I remain,
Your son,
William Smith.

LETTER FROM
LIEUT. RANDLE.

The following letter was received by the Rev. G. W. and Mrs. Randle from their son, Lieut. Glenn W. Randle, in command of Salvage unit No. 19, Q. M. C., American Expeditionary Forces, in France.

Rehon 'Dump, Feb. 10, 1919.
Dear Folks:
I am in receipt of a letter from you dated January 18th, the first in quite a long while. It is needless to state that I was tickled to get it. The mail conditions are steadily improving over here and I'm sure that in future we'll receive our correspondence regularly. So shoot me a letter a week and they'll find me all right.

I am glad to know you received my letters and packages o. k. Hope you liked contents of packages. Just a word of warning here. Don't boost our stock too high at home, because, speaking from a personal standpoint, I'm

HAS THE KIDDIE A SEVERE COLD?

Dr. Bell's Pine-Tar-Honey is pleasant to take and works like magic

It's a happy combination of cough relieving medicines that brings quick relief where other remedies fail.

Effective alike for children and grownups. Helps to loosen the phlegm and to ease breathing. It soothes, promotes healing and, while Nature is killing the infectious germ, starts the sufferer toward speedy recovery.

Priced as low as a genuinely good cough and cold remedy can be sold for. 30c, 60c, and \$1.20.

very much afraid the most of the good people will be disappointed when I arrive. In comparison with what others have done and gone thru with over here, the little bit I've done recedes into insignificance, especially after having had a talk with Mason. He will have some wonderful experiences to relate when he goes to Jacksonville.

I am still at Rehon Dump, but think there's a possibility of another move in the near future. Most of the supplies abandoned here by the Boche we have shipped out, for example, coal, stoves, carbide, lamps and lanterns, excelsior, hay, salt, candles, etc. The salvage turned-in here are practically in a dozen or so salvaged motor trucks, a half dozen German rolling kitchens and water carts and par beaucoup clothing.

The expected has happened. We have moved again. I am finishing this letter in my room (and office) at Rezon, a little town some 5 kilometers south of Rehon and about equal distance from Etain and Conflans. See if you can find them on your map. Also, we are not far now from Verdun, about 28 to 30 kilometers, I guess, and I think I'll run over in motor car and take a look while we're here.

This town, as well as Etain and other towns in this vicinity are pretty well shot up. I don't believe there are more than two or three French families living here at present. It is quite different from Rehon as regards comforts — were most comfortably fixed up there. Our office buildings were formerly those of steel plant (also occupied by Boche) and had good appointments, nice desks, electric lights, honest-to-goodness toilets, with running water, etc., and I had a most excellent billet with a French family, one which I hated to leave, but "the fortunes of war" nest ce pas?

We moved here the twelfth and we have our quarters fixed up and the kitchen, most important of all, going top speed. I guess in a week will be situated all right once more. I am hoping this will be our last move but ore, but I am afraid we'll have several more before we see the "Etats Unis" once more.

In one of my last letters I believe I mentioned the fact of having visited Mason. While there I asked him to come and visit me. Said he would try to get a leave. Just the day before leaving Rehon I received a letter from him saying that he thought he could get leave into Belgium and then I could get him in the Dodge car, but all the Dodge is no more.

Lieut. Falk, my partner in crime at Rehon and myself took a trip up into Belgium Sunday, the Second of Feb, and returned home late that night, my chauffeur hit a wall head-on, going about thirty per. For some reason we stepped very abruptly and of course, it made me pretty sore for the car to stop that way, and being in an advantageous position in the front seat, I tried to bite a chunk out of the wind shield. Results, a nice gash in my upper lip. Now my "fatal beauty is spoiled."

Funny thing too, the car refused to go after that. Couldn't hardly blame it tho. So I came to the conclusion that if it wouldn't run any more, I'd ship it, which I did. No one else was hurt and I presume I was lucky to get hurt as little as I did. Fortunately there was a Belgian doctor close and he fixed me up all o. k., took one stitch in my lip. A good Belgian woman put me in a big arm chair, wrapped a blanket around me and I slept until Lieut. Falk walked to Rehon and came back in a truck for me. We pulled in at 5:30 in the morning. I stayed in my room for a few days, then I bundled up and went to Toul for the pay roll. I think the coldest day in the year. My! but it was cold. About four inches of snow on the ground. We made good time, covering the entire distance of 140 kilometers in a little over 3 hours.

There is a possibility of our getting home some time in the spring. The chief salvage officer, 2nd army, Capt. Newman, was in Rehon about a week ago and gave us the information that as soon as salvage work was finished in the 2nd army area that salvage units would be turned over to S. O. S. (Service of Supplies) back in rear, for disposition, and if not needed there, to be sent home. One of my boys received a clipping from a newspaper at home that gave names of salvage units slated for early convoy home. Salvage 213 was among those named. Getting close eh? I'm ready when they are.

Yes, I should like to have been at your banquet very much, but I must confess that the desire to be present arose largely from a selfish motive for that menu sure looks good.

I think I will be able to add to your collection of souvenirs when I get home. I am afraid to trust much to the mail.

So you think I weigh about 175. No, I don't weight that much, altho my face is fuller. Possibly the uniform makes me look larger.

Must close. Au revoir. With love,
Votre soldat gargon,
Glenn

MUNICIPAL DINING
HALL IN PARIS

PARIS, France—A boon and a blessing to Parisians groaning under the present exorbitant restaurant prices is the first dining hall under municipal control which was recently opened on the boulevard de Grenelle, on the south side of the Seine.

Here, a portion of soup or a hors d'oeuvre costs 6 cents, three ounces of meat or 5 of fish can be obtained for 19 cents and a dish of vegetables for 8 cents. No charge is made for bread, altho the bread card is duly clipped. No toxicants are served and tipping is not allowed.

These are extra good cows and calves in just nice breeding and growing condition. All cows and heifers are heavy springers; bred to good bulls. A chance of a life-time to get some splendid cows at a farm sale.

2 Registered White Faced Herd Bulls.
2 Black Angus Registered Cows.
2 Black Angus Registered Heifers, 1 yr. old.

**HIGH GRADE STOCK
25 WHITE FACED COWS**

Some of these Hereford cows are pure bred; some will have calves by side day of sale, all others heavy springers.

20 coming 2 years old White Faced Heifers.
All heavy springers.
About 30 Red Cows, several with calves by their side; all others heavy springers.
About ten Red and Roan Heifers, coming 2 years old; all heavy springers.
20 coming 1 year old Heifers—Reds, Roans and White Faces.
1 Jersey Family Cow, soon fresh.
2 Roan Cows, with calves.

We have used as good bulls as there are. This young stuff is all our own breeding. Every cow we will sell raised a calf last year.

We can show about 60 calves as good as they grow them.

For four years I have been buying up top cows, then if they did not breed to suit me, they were beefed. We are now selling them all. This will be one chance to get some good breeding stuff.

We will have good accommodations here. This sale will be held under cover. We will meet the trains at Drake on the C. & A., both east and west bound, at around 10 and 11 a. m. Sale will begin promptly at noon.

TERMS—The usual time will be given at 6 per cent interest.

A nice lunch will be served.

Note—We sold a load of 30 steer calves last June out of these cows, that averaged \$102.20 per head. The heifers are in this sale.

Get more eggs

Make your hens lay while egg prices are high

You're keeping hens to get eggs. *Get* them. You can't afford to let nature take its course. If you do you won't get eggs until later on when prices have gone down. Your hens *will* lay more eggs if you help nature by using my poultry tonic and conditioner to offset winter conditions.

My Poultry Powder Prescription is specially prepared for this purpose—from twenty-seven years' poultry raising and veterinary experience. I know, and thousands of poultry raisers know, that it makes hens lay more eggs than they would if they didn't get it in their feed. I'll prove this to you at my own risk.

Big Sample Package FREE of Dr. LeGear's Poultry Powder

Take the coupon below to any dealer and get a big sample sized package free. Try it with your hens according to directions. You will certainly keep it up when you find out how many more eggs it makes your hens lay. Now is the time to get more eggs. Every day your hens don't lay is losing you money.

Fill the Coupon
out and take it
to your dealer
QUICK.

Willard SERVICE STATION

Give it a Chance

There are only two places in your whole car that need water.

One is the radiator.

The other is the battery.

If you forget your radiator you'll hear from it right away.

If you forget your battery, it keeps on working for a while, but it is damaged just as surely as your engine would be if you let the radiator go dry.

Give your battery a chance to make good by having us add distilled water every week or so, and test each cell with the Hydrometer to make sure that you are keeping up the charge.

We test, repair and recharge storage batteries, and always carry a full supply of battery parts, new batteries and rental batteries

BLUFFS HOUSEHOLD SCIENCE CLUB MET

Mrs. Anna Knoepfel Hostess to Club Members Tuesday Afternoon—Charles Hale to Remove to Farm—Other Bluffs News Items.

Bluffs, March 12.—The Bluffs Household Science club met with Mrs. Anna Knoepfel as hostess Tuesday afternoon. A very profitable and pleasant afternoon was spent and much enjoyed by those present. Mrs. Emma Thompson read an excellent paper on "The Food Value of Nuts and Ways of Serving Them." Her recipes are always good and appreciated by the club members. Mrs. S. M. Carver, president of the club is arranging for the annual banquet which is to be held in the early spring.

Charles Hale, who has been in the employ of the Bank of Bluffs for a number of years, expects to try country life soon and will reside on the farm recently inherited by Mrs. Hale from the Whitacre estate near Bloomington. Mr. Hale has grown to manhood here in our village and for a number of years has been one of its leading citizens with high ideals and lofty ambitions. His many friends wish him success in his new enterprise.

ASK FEDERAL AID IN WATERWAY PROJECT

State Seeks Co-Operation of Government in Paying Waterway Bills—Illinois Must Bear Large Part of Financial Burden.

SPRINGFIELD, Ill. — The proportion of expense in building the lakes-to-the-gulf waterway thru Illinois that is to be borne by the federal government is a leading question in legislative circles. The present session is not particularly concerned about waterway appropriations because as the state administration are anxious to have co-operation of the government in paying waterway bills because, they say, the channel is after all to be a water route affecting the entire nation.

Since it is necessary to have the approval of the government to build the waterway it is argued that the federal authorities have a responsibility in helping to finance the project. The government expressed a willingness to do certain work when the question of constructing the waterway was before the 1915 legislature. It is expected the same spirit will be manifest in the present undertaking.

Any arrangements as to proportional expense will be conducted between government and state department of public works and buildings with the direction of Governor Lowden. But Illinois is not to escape from bearing a large part of the financial burden it is said.

The only phase of the waterway appropriation question confronting the legislature now relates to preliminary expenses of engineering, surveys, wages, etc. For this an appropriation of about \$250,000 is asked in the budget for the biennium beginning July 1.

The bill proposing the administration plans for the waterway and making changes in the Dunne program as to engineering features is finally drawn and ready for introduction.

Democratic leaders, it is said have been conferred with on the provisions of the measure and so far as can be determined it is satisfactory.

Before the final draft of the bill was made, cities along the proposed "all-river" route were given opportunity to enter any objections to engineering features and minor difficulties, it is said, were smoothed over. Under the engineering plan, affecting municipalities, each city may be represented when actual construction begins by an engineer to look out for the city's interests.

INCREASE DEFICIENCY

APPROPRIATION BILL
SPRINGFIELD, Ill. — Amendments increased to \$1,610,000 the total of the deficiency appropriation bill to tide over the state penal and charitable institutions until July 1 when the new budget money will be available. The measure has passed second reading in the house and probably will not meet opposition when up for final passage. It was passed by the senate several weeks ago, but was held up in the house committee by Democratic opposition because the bill did not specify for what purposes the money was to be used.

Items included in the amended bill are as follows: Elgin state hospital, \$157,626; Kankakee Hospital, \$173,816; Jacksonville hospital, \$41,547; Anna Hospital, \$58,492; Watertown hospital, \$91,879; Peoria hospital, \$139,884; Chicago state hospital, \$145,424; Alton hospital, \$69,965; Lincoln state school and colony, \$131,116; Illinois school for the Blind, \$103; Illinois Soldiers' and Sailors' Home, \$19,653; Illinois Soldiers' Widows' Home, \$17,764; Illinois Soldiers' Orphans Home, \$38,969; Illinois charitable eye and ear infirmary, \$870; Training School for Girls, \$36,382; St. Charles Home for Boys, \$99,203; Joliet Penitentiary, \$178,851; Chester penitentiary, \$87,579; Pontiac reformatory, \$126,679.

YOUNG BLOOD

The funeral of Gilbert Green Edwards, infant son of Mr. and Mrs. Alva Edwards, was held at the Baptist church here Thursday, in charge of Rev. Roy March of White Hall. Interment was made in the cemetery adjoining the church.

Wm. Fanning of Woodson spent Sunday at the home of his father Warren Fanning.

Eleven neighbor men and boys gathered at the home of Green Dalton Wednesday afternoon and had a wood chopping. Those present were Wm. Covey, Jesse Bounds, Wilburn Hart, Leonard Dalton, Edward Sorrels, Warren Fanning, Chas. Dalton, Bruce Rolston, Wm. Spencer, Clarence Dalton, Lloyd Sorrels. Mr. Dalton has been confined to his home for several months by illness. Needless to say the kindness of the friends was very much appreciated.

SHARP REDUCTIONS IN YOUR SHOE BILLS

"A constant 'liker' over all conditions of roads, my shoes were hard on my feet until I discovered Neolin Soles. And as for wear! Neolin Soles give twice the service of soles I formerly used," writes H. Noyes Jollison, Hazelton, Pa.

This long service means sharp reductions in those big shoe bills, for it is because of worn-out soles that most shoes are discarded. Buy Neolin-soled shoes, not only for yourself, but for the whole family, children included. Also, take your old shoes to the repairman and have them retanned with Neolin Soles.

Remember—Neolin Soles are waterproof, as well as comfortable and long-wearing. They are created by Science to be all that soles should be, and are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Kingfoot Heels—guaranteed to outwear all other heels.

One Week Sale Odds and Ends in fine all wool suitings

Suits

Made
To Order
Only

\$30

There is nothing old, shoddy, or out of date in this entire offering. The volume of business that we do leaves, within a remarkably short time, many odd pieces and short lengths—in some of them there is but sufficient cloth for a suit for a small man, and in others there is sufficient for a suit up to size 42. In the lot you will find

Fancy Serge
Blues and Greys

Worsted
Pin Check or Stripe

Cheviot
Blues and Greens

Two Piece Blue Serge Special

Blue Serge always is popular and sufficiently dressy for almost any occasion. A fortunate buy gives us enough for a few suits at the price named. You need have no hesitation in buying a suit from this lot. It will wear well and look well as long as worn. Come in early as it will not last long at the special price of

\$30

Every one of these suits will be made up in our usual good style, linings and all items of workmanship will be of the best, and satisfaction guaranteed. This really is a remarkable opportunity for you to get that new suit for spring and early summer wear—it's too good a chance for you to miss.

PAIGE

The Most Beautiful Car in America

The best proof of the popularity of Paige Cars is the shortage of Paige Cars. We mean that literally—a shortage of New Paiges and Used Paiges.

We have never had enough Paige Sixes—either the New Series five passenger Linwood or the New Series seven passenger Essex—to satisfy the world wide demand. That shortage today is more acute than ever.

The explanation for that lies fairly and squarely in Paige worth. Paige owners find that Paige Quality pays in Economy and Long Service precisely as Paige Beauty pays in Satisfaction. Low up-keep, absence of repair bills, continuous running, are the foundation upon which Paige Supremacy has been built.

The Linwood "Six-39" 5-Passenger—\$1555
